quipped with both

fellowship and internship training from institutions including Johns Hopkins University and the Mayo Clinic, Dr. Gilly S. Munavalli is a renowned dermatologist who is also part of a clinical research group that partakes in cutting-edge research for dermatologic surgery. At his state-of-the-art facility, he works to address both the medical needs and the cosmetic concerns of his patients. "The ability to undergo a medically necessary procedure while also benefiting from a cosmetic enhancement is a win-win," he says. At Skin Secrets, an on-site cosmeceutical boutique, skin-care professionals educate patients on the latest anti-aging products.

## WHO I AM

1.

### WHAT I LOVE MOST ABOUT MY PROFESSION

Every day presents a new challenge

2.

### MY GREATEST ACHIEVEMENT

Since the completion of my Mohs micrographic surgery, laser, and vein surgery fellowships, I've removed 10,000-plus skin cancers, treated more than 8,000 veins and have performed countless laser procedures for all indications—I pride myself on being able to perform many different procedures and do them well

3.

### THE BEST SKIN IN HOLLYWOOD

I would say someone like Meryl Streep, who is in her 60s, or Helen Mirren, who is 70—neither one looks "overdone"

4.

### HOW I MAKE THE BEST FIRST IMPRESSION

I believe that there is no substitute for truly listening to my patients and giving them my undivided attention during our time together

5.

### MY HAPPIEST PROFESSIONAL MOMENT

The day I found out that I had been accepted into medical school

6.

### CELEB PHOTO MY PATIENTS MOST OFTEN BRING IN

The one I've seen the most is probably Scarlett Johansson

7.

### THE FUTURE OF MY FIELD

Technological advances in the field of dermatology as a whole, but most especially in skin cancer and cosmetic treatments

8.

### MY DREAM INNOVATION

A definitive cure for melanoma

9.

### MY MOTTO

Always go the extra mile for your patients and finish the race strong to give them the best possible result
