CLINICAL TRIALS/GRANTS

IND IRB Sponsored Clinical Investigations:

Sub-Investigator:

- ALLERGAN: A Safety and Efficacy Study to Compare Dapsone Dermal Gel with Vehicle Control in Patients with Acne Vulgaris.
- LUMENIS: Clinical Evaluation of M22 1064nm Q-Switched Module and impact on skin tone and texture.
- LUMENIS: Impact of Synergistic, Sequential Treatment (SST) of fractional non-ablative and Q-Switched lasers on skin texture.
- SEBACIA: Randomized, Prospective, Multicenter, Controlled Study with Blinded Assessment to Determine the Safety and Effectiveness of the Sebacia Acne Treatment System in the Treatment of Inflammatory Acne Vulgaris.
- SYNERON DHF15911: Clinical Study to Evaluate the Performance of the ePrime system for the Treatment of Cellulite.
- SYNERON LIPO-202-CL-18: Multi-Center, Randomized, Double-Blinded, Placebo-Controlled Study Evaluating the Safety and Efficacy of LIPO-202 for the reduction of Central Abdominal Bulging Due to Subcutaneous Fat in Non-Obese Subjects.

RESEARCH/PROJECTS

- 2014 “A Student’s Guide to Matching into Dermatology.” **P. Kosari, M.D.**
- A comprehensive review covering important topics (i.e. grades, AOA, dermatology rotations, research, etc.) critical to matching into dermatology.
- 2012 - 2013 **Series of publications in The Dermatologist** (www.the-dermatologist.com)
- “Papers to Know.” **P. Kosari, M.D.**, S. Feldman, M.D., Ph.D., 2012-2013
- A monthly review of articles that have impacted the field of dermatology and considered critical for every dermatology resident to be aware of.
 - Nalidixic Acid-Induced Photosensitivity in Mice: A Model for Pseudoporphyria
 - Topical Tretinoin (Retinoic Acid) Improves Early Stretch Marks
 - Correlation of Antibodies in Skin and Serum with Disease Severity in Pemphigus
 - Assay of Comedolytic Activity in Acne Patients
 - A Missense Mutation in Type VII Collagen in 2 Affected Siblings with Recessive, Dystrophic Epidermolysis Bullosa
 - Basement Zone Antibodies in Bullous Pemphigoid
 - Reduction of Solar Keratoses by Regular Sunscreen Use
 - Are Generic Formulations Equivalent to Trade Name Topical Glucocorticoids?
 - Adherence to Topical Therapy Decreases During the Course of an 8-Week Psoriasis Clinical Trial: Commonly used Methods of Measuring Adherence to Topical Therapy Overestimate Actual Use
 - Skin Cancer: Treatment by Curettage and Desiccation
 - Propranolol for Severe Hemangiomas of Infancy
 - Transfer of Topically Applied Tetracycline in Various Vehicles
- 2005 – 2007 Investigation of the Blood-Brain Barrier during Ischemia-Reperfusion Injury

Sub-Investigator. Principal Investigator: Dr. Darryl Peterson, Ph.D.

- Investigated ischemia-reperfusion injury to the blood-brain barrier following ischemic strokes to provide an alternate and more successful protocol for treating stroke.
- Trained in middle cerebral artery occlusion surgery at Oregon Health and Sciences University. Introduced the procedure at my University to begin processing infarcted cerebral tissue using electron microscopy to conduct morphological studies of damaged mitochondria.

LEADERSHIP EXPERIENCE

- 2013 – present ***Dermatology, Laser & Vein Specialists of the Carolinas' Regular Scheduled Series (Founder and Physician Course Coordinator)***
Charlotte, North Carolina
- Established a joint sponsorship with Charlotte AHEC to offer regularly scheduled didactic sessions at our clinic providing continue medical education (CME) to community providers
- 2011 – 2013 ***Wake Forest Baptist Health, Gold Card of Excellence Committee***,
Winston-Salem, North Carolina
- Helped implement a philosophy centered around improving patient care.
- 2008 – 2009 ***Alpha Omega Alpha Vice President of Communications***, Illinois Delta Chapter
- Documented accurate, concise, and permanent records of all meetings of the executive board, and maintained strong lines of communication among committee members, faculty and students.
- 2006 – 2009 ***Chicago Medical School Faculty Awards Ceremony Co-Founder and Coordinator***, North Chicago, Illinois
- Developed an original annual awards ceremony to honor teaching faculty, recruited students and administration, and managed and participated in various committees.

VOLUNTEER EXPERIENCE & EXTRA-CURRICULAR ACTIVITIES

- 2010 – Present ***American Academy of Dermatology Skin Cancer Screenings***, Winston-Salem, Lexington, Monroe and the Charlotte Motor Speedway, North Carolina
- Perform comprehensive skin examinations while educating patients on signs and symptoms of skin cancer and dangers of UV radiation.
- 2012 ***Delivering Equal Access to Care (DEAC) Clinic***, Winston-Salem, North Carolina
- Responsible for mentoring and educating students while providing free services to underprivileged patients.
- 2011 ***Community Care Center***, Winston-Salem, North Carolina
- Provide compassionate, high quality health care and educate about dermatologic issues to the medically uninsured and underserved.
- 2011 ***Editor of The Annual Faculty Roast at Wake Forest Baptist Health***,
Winston, Salem, North Carolina
- Edited and presented at the Department of Dermatology Resident Graduation Dinner.
- 2010 ***Habitat for Humanity***, Winston-Salem, North Carolina
- Assist as a construction volunteer in building and renovating homes for those less fortunate (**50+hrs**).
- 2008 – 2009 ***Camp of Dreams***, Chicago, Illinois

- Educated, counseled, and mentored children aged 9 – 18 on various health topics including diabetes, STDs, HIV/AIDS, proper nutrition, and exercise.

HOBBIES & INTERESTS

- **Fly-fishing** – I was introduced to this sport 5 years ago and now own two fly rods, one for bass and the other for trout. I look forward to opportunities when I can visit a stream or a lake and enjoy the outdoors.
- **Movie editing** – Through the years I have edited multiple movies into short films which family, friends and faculty have enjoyed watching. Although time consuming, the end product is always rewarding and I look forward to the next project.
